

Experienced Java Developer with 4+ years of expertise in developing RESTful APIs and integrating third-party services, seeking an innovative and challenging software development role where I can fully utilize my skills in API design and integration to contribute to digital transformation while working systematically to deliver high-quality, time-efficient solutions.

PROFESSIONAL SYNOPSIS

- Over 4+ years of hands-on experience in Java, Core Java, JavaScript, CSS, and related technologies.
 - Strong expertise in designing and developing **RESTful web services**.
 - I am skilled in utilizing **GitHub** based on hands-on experience
 - In-depth understanding and practical application of the **Software Development Life Cycle (SDLC)**.
 - Well-versed in the test-driven development (**TDD**) approach, commonly adopted in modern software engineering practices.
 - I am proficient in applying **Agile methodology** based on practical experience.
 - Solid command of design patterns such as **Singleton, Factory, Abstract Factory, Decorator**, and Business Delegate.
 - Exceptional skills in Java Collections, Exception Handling, Strings, and various Java frameworks.
 - Extensive practical knowledge of Advanced Java, including JDBC, Servlets, and JSP.
 - Skilled in developing JSP-based web pages integrating HTML, Java, and XML.
 - Expertise in **Spring MVC** and **Spring IOC** for developing scalable and robust applications.
 - API Postman is a tool I have used extensively in my projects.
 - Deep familiarity with **Java 1.8 features**, consistently applying them in industry projects.
 - Proficient in crafting and executing complex **MySQL** database queries.
 - **Spring Boot, Microservices**, and **REST API** are tools I have utilized extensively in my industry experience on web projects
 - Project management using the **Jira** is an essential aspect of my work.
 - I am skilled in utilizing the various mapping annotations and configurations provided by **Hibernate**.
 - Skilled in integrating logging frameworks, including Logger and related log management tools.
 - Comprehensive expertise in Java Backend Development techniques widely used in the industry.
 - Actively involved in generating, maintaining, and sharing technical documentation, including developer guides, API documentation, and release notes.
 - Strong analytical abilities to identify, understand, and resolve bugs efficiently.
 - Regularly contributed to code reviews, test case analysis, and handling change requests to support the team's development efforts.
-

CORE COMPETENCIES

- | | |
|------------------------|--|
| • Languages | : Java 8, JavaScript. |
| • Core Java | : HashMap, Collection Framework, String Class. |
| • Web Technologies | : JavaScript, HTML5, CSS3, ReactJs |
| • Databases | : MySQL, SQL Server |
| • Frameworks | : Spring MVC 4.x , Hibernate 4.x , Spring Boot |
| • Version Control tool | : Git. |
| • Agile Tools | : Jira |
| • Servers | : Apache Tomcat 9.x |
| • IDE's | : Eclipse, STS-4, VS Code. |
-

EXPERIENCE

Java Developer

zCon Solutions Private Limited
2021 - Present

EDUCATION

Bachlor of Engineering

Pune University

PROJECT DETAILS

Project Title- Glaze

Domain – Insurance Domain

Roles and responsibilities

- Bug fixing
 - Analyse the program to identify the code changes as per the business requirements.
 - Involved in knowledge sharing activities with team.
 - Serves as the technical expert on development projects.
 - Producing and consuming the restful web services.
 - Requirement analyse, design, coding and testing etc.
 - Preparing the technical specification document based on existing system and new design changes.
 - Minimizes risk, prepares for risk mitigation, keep the project on track.
 - Manages user requirements; provides timely project updates.
-

PERSONAL DETAILS

- DOB : 03 May 1996
 - Gender : Male
 - Language : English, Hindi, Marathi
-

DECLARATION

I hereby declare that all above-mentioned information is in accordance with fact or truth up to my knowledge and I bear the responsibilities for the correctness of the above-mentioned particulars.
